Introduction:

In order to equip faculties with updation in their knowledge and skills, ‘Train the Trainers’ program is conducted under which faculties are trained on various aspects by experts from different academic fronts having experiential knowledge and those who have created a mark through their teaching. This program was arranged in semester break so that all the faculties can participate in the same. Last year, it was organized in the month of June . In the month of June, it was organized on 20-21 June, 2013 on the theme of ‘Train the Trainers’.

All the faculties were first asked to undergo a self-assessment test where they were required to answer some questions and based on their scores they were grouped in four groups. Later different modules planned for the session were explained and well-interacted. Many elements of self-introspection and self-realization were communicated.

Program Highlights:

- Importance of Self-Assessment
- Aspects reflected to the student
- Career Advancement
- Responsibilities towards various set of people
- Accountability
- Creativity and Innovation
