Faculty Development Program “Nurturing Lives...”

Date:

7th December,
2013

Objective:

To define various roles and responsibilities of the teacher and impact of a teacher in a life of a student

Introduction:

During the post-winter examination session, a faculty development program was arranged on the topic “Nurturing Lives”. The main aim of the program was to define various roles and responsibilities of the teacher and impact of a teacher in a life of a student.

The program was started with elaborating basic responsibilities of a teacher. Then the program was turned to understand the mentality of the students. The speaker then focused on the basic ‘dharma’ of students and faculties were asked to make students realize of the same.

The speaker focused on many untouched issues related to the students. After the formal interaction, faculties had an informal gathering where some informal games were played and new faculties also got an opportunity to interact with the SRPEC family though and formal and informal interaction.

Program Highlights:

- Duties of a Teacher
- Teacher as an Example
- Moral Responsibilities
- Taking care of the Students
- Molding Students

No. of Attendees:

Faculties	60
