INDUSTRIAL VISIT

Report on Industrial Visit (E-Infochips, Ahmedabad)

Objective:
The main objective of this industrial visit is to familiarizing the students with higher skill of manufacturing of process. Students will learn about the environment of the startups and business strategy to enhance their careers and they got to know the work culture in the company. They got to visit manufacturing labs and the facilities provided in the E-Infochips. It will help the student to visualize their future in the processor making skill.
Summary
E-Infochips, an Arrow company, is a leading global provider of product engineering and semiconductor design services. With over 500+ products developed and 40M deployments in 140 countries, e-Infochips continues to fuel technological innovations in multiple verticals. The company's service offerings include digital transformation and connected IoT solutions across various cloud platforms, including AWS and Azure.
At E-Infochips, are committed to deliver solutions in Silicon Engineering, Embedded Systems and Software Engineering with the highest standards of quality that integrates security; and execute projects in true partnership spirit to exceed customer's expectations by continually improving the effectiveness of the Quality Management System."

Co-ordinator:
Prof. Ritesh Prajapati
(Assistant Professor)

SRPEC, UNJHA.

Feedback Analysis	Out of 5
Relevance of the content with the title.	4.29
Presentation of the content.	4.28
Teaching methodology.	4.25
Doubt clearance	4.21
Relevance of course content to my work	4.29
Course relevance to current trends	4.14
Illustrations, examples and practice sessions	4.21
Illustrations, examples and practice sessions	4.52
Facilitator's knowledge of the subject matter	4.25
Facilitator's knowledge of the subject matter	4.32
Facilitators preparedness and presentation skills	4.44
The overall delivery and content	4.32
How this workshop met my expectations	4.36

Participants:
Total **60 students of Computer Engineering students have visited the E-Infochips, Ahmedabad.** They have visited the labs and other facilities available in the E-Infochips Ahmadabad.
