Project Title

ONLINE ATTENDANCE ANDROID APPLICATION (ANDROID APPLICATION)

Abstract:

ONLINE ATTENDANCE is an Android Application which is help faculties to fill students attendance and also students to view their Attendance through mobile.

In our college currently student have to visit their councilor for seeing their attendance report. Attendance system is available but it is missing the feature of student login and also it is in Intranet. So, we are going to build an android application specially for students where they would be able to check their attendance whenever they wish. And app would be consisted of basic information of Institute.
